Subject: . Records Management Manual and Records Management Brochure Revisions

Attached is a copy of the revised Records Management Manual and Records Management Brochure sent to our department for review. My staff and I have completed our review, and our recommendations have been written directly on the appropriate pages. In general, we feel that this revision is a great improvement over the original issue. While we have few recommendations to offer, we feel each is essential to assure a viable and workable program.

If I can answer any questions or be of further assistance, please let me know.
